COMMODORE'S COMMENTS:

Women's History Month Highlight: Kimberly Blum

Women's History month was last month, but since it's technically still March as I write this, and because this dedicated woman deserves to be highlighted, here is a glimpse of the astonishing Kim Blum.

Kim is the devoted wife and mother of four children, Pam, Emily, Piper, and Cole. She joined MYC with her family in 2018. She and her husband were not initially engaged in club activities because they were not immediately welcomed by fellow MYC members. As is a common problem within private clubs, the "cliquish" nature can be a tough nut to crack, so to speak. I am looking in the mirror as I say this, but we must work harder at being more inclusive. The Blum's joined MYC so their family could learn to sail together. Thankfully, they finally met some of our more exuberant members, Scotty Miller and Mark Marchido. This connection and friendship anchored the Blum's continued involvement at MYC.

In 2020, Scott Corder stepped down from our Juniors program, and Kim graciously took over as the chairperson. Since that time, she has grown our youth program at MYC exponentially. Last year, MJSA enrolled over 90 students in sailing school, including 32 adults and 16 juniors on our new race team. The J/24, "School Bus," generously loaned to the junior race team by member Kyle Vowels, isn't the only program Kim has developed. She also implemented and executed the OPTIMIST S.A.I.L. program, or Self-confidence, Adventure, Independence, and Learning, which is an outreach program for youth in our community who wouldn't normally be afforded the opportunity to try their hand at sailing. This program began 2 years ago with Opti's placed in an indoor swimming pool, utilizing industrial fans to create wind. Both of these programs are truly amazing, as I have witnessed the beaming smiles on the kids' faces. During this time, Kim has also been a member of our house committee and our social committee chair.

Kim doesn't stop there. Her efforts extend beyond the walls and lakes around MYC, and her other areas of volunteerism are also worthy of mention. For 10 years, Kim served as a Director for the Allendale Region American Youth Soccer Organization (AYSO) and was primarily responsible for promotion, fundraising, and team logistical support. Through her fundraising, the Allendale AYSO was able to maintain an affordable soccer program for over 400 kids annually. These funds also provided for necessary soccer equipment

and most notably, automated external defibrillators (AED) for the soccer fields. Kim was also the Director for the Allendale Engine House No. 5 Museum for over 10 years, where she was heavily involved in operations, fundraising, community outreach, and promotion of the museum. Kim's fundraising at the museum accounted for nearly \$80,000 in operational support! She was also the founder and organizer of Engine House No. 5 Stuff a Fire Truck Food and Essentials Drive, which recently completed its 6th year of providing for families in need through local food pantries. Kim is currently the Assistant District Governor of Rotary International Region 6290. Her role there is to help her assigned Rotary clubs develop and achieve district goals, and assist the District Governor with administrative duties. On top of all this, Kim also has a real job. She has been a Real Estate Agent with Coldwell Banker AJS Schmidt for 22 years now.

For Kim, there is no goal unattainable, or challenge too great. It's not just what Kim does for her community, but it's the unwavering integrity she exhibits in everything she does. Kim, your strength, drive, grace, and devotion are truly inspiring. I salute you!

Jessica Strecker
MYC Commodore

2023 Capital Improvement Fund Update

2023 Collected:

\$ 29,898

+

12/31/22 Balance:

\$ 136,380

Spring Hours Start on 4/25/23

MYC Committee Monthly Meeting Reminders:

- Dock & Yard Committee – 2nd Saturday at 9:00 am**
- House Committee – 2nd Saturday at 10:00 am**
- Membership Committee – 2nd Saturday at 11:00am**
- Race & Regatta Committee – 3rd Wed. at 7:00pm**
- Social Committee – 2nd Saturday at 11:15am**
- Board Meeting – 3rd Thursday at 7:00pm**

From the Business Office:

Please update us with any changes in your contact information – address, phone, email, boat information, etc. Our 2023 Roster will be published in the Spring and we want your listing to be accurate!

We are encouraging everyone to consider using your bank or credit union's online bill pay service to pay your MYC bill. Many members are already paying this way...it's very easy and free in most cases.

More information is coming soon about other new options for paying your MYC bill electronically...stay tuned!

Thank you,
Sue Peters

Treasurers Report:

Greetings fellow MYC members!

I am pleased to submit to you our consolidated 2023-2024 fiscal year budget that was recently approved by the Board of Directors as required by our by-laws each April.

You will note that we are projecting a few dollars deficit, but this is because we are budgeting an accelerated payoff of the remaining balance of the marina loan. As hopefully you recall, as I am sure you all study in detail each issue of the Portwatch, that we refinanced the loan in October as we had a balloon payment upcoming and we locked in a 5.5% interest rate with no balloon payment. At the end of this term the loan will be repaid in full. This is quite a milestone for us and we are going to work hard to pay this off in 5-6 years instead of 7 as it will put us in a much better financial position with the debt service load removed from the club. Our plan once that is accomplished

is to build a substantial reserve fund for future marina repairs and replacement once the useful life of the marina is reached.

We do have some capital expenditures pending but as these are funded from the Capital Improvement Fund, they are not including in the budgeting process (CIF contributions are not budgeted as revenue either)

The club is currently on sound financial footing as we are heading into a more challenging economic environment. We have cash on hand, we have an outstanding staff, and we have an active and engaged board, and a growing membership.

I wanted to thank the Committee Chairs, General Manager Kim, the board of directors, and especially Business Manager Sue Peters for the many hours of work that goes into the budgeting process this and every year. It is truly a team effort with Sue doing most of the heavy lifting.

I am looking forward to another great season at MYC! If you have any questions about the budget or club finances, as always feel free to contact me directly.

Respectfully submitted,

Larry Taunt

Treasurer

Race and Regatta Committee Report:

Happy Spring MYC Racers! Registration for this year's Tuesday, Wednesday, and Blacklock series is under way.

The first race of the season is May 3rd.

For the Wednesday Night Series, you can register [HERE](#).

For the new Melges 24 Tuesday night series please register [HERE](#).

You will automatically be registered for the Blacklock Cup Series if you check the appropriate box. No additional fee. Please get your entries in so the RC can see what class splits are going to look like and plan accordingly.

Also, you must send your MWPHRF Certificate and Insurance to race.myc@muskegonyachtclub.org prior to the first race.

Thanks!
Steve Schiller
RRC Co-Chair

Dock and Yard Committee Report

*It's that time of year to
prepare MYC for outdoor
activities.*

Scheduled Work Bee's:

- **April 8th** starting at 9am. Remove deicers from the marina, pressure wash, and place in storage. Will need no more than two (2) power washers.
- **April 15th** starting at 10am. Hauling out and setting up yard furniture.
- **April 22nd** and **April 23rd**, Power wash docks starting at 9am. 5 to 6 power washers will be needed.

A sign up has been created and can be accessed by clicking the link below.

[Sign up here to let us know your availability to help.](#)

Dock & Yard needs as many volunteers as possible to complete the mountain of work. Please consider helping.

With Board approval Dock and Yard has initiated work to begin on several of the following maintenance issues at MYC:

- Octagon Building - Versatile Roofing Systems has been selected to complete the installation of the new roof membrane on the Octagon Building. They intend to begin work around the first of May.

- Southeast corner of Melges lot concrete repair - Kloote Concrete has been selected to complete the replacement of the damaged concrete in the southeast corner of the Melges lot. This work will begin when temperatures remain above freezing.
- Main entrance - Kloote Concrete will be removing the existing carpet covered concrete at the main entrance to the clubhouse. The new entrance will be finished with stamped concrete. This work will be performed in conjunction with the work in the southeast corner of the Melges lot.
- Concrete seawall at Juniors launch - TR Ghezzi Marine Construction has been selected to repair the concrete seawall along the beach adjacent to where the Junior's floating dock is moored. This work is anticipated to begin in the next couple of weeks.
- Clubhouse facia repair - Muskegon Quality Builders has been selected to repair the rotted facia on the southeast corner of the clubhouse. This work is anticipated to begin in the upcoming weeks.

Also keep note that the 84th Queen's Cup Regatta is finishing at MYC on July 1st. D&Y is anticipating a very full marina with competitor boats moored, rafted, and docked in as many places as possible. Dock and Yard will be requesting feedback from slip holders who will be traveling that weekend or who are willing to move their boat to a mooring ball so that we can accommodate as many racers as possible.

Interested in becoming involved with the Dock & Yard Committee? We meet the second Saturday of each month at 9am. Attendance may be in-person or virtual. Contact Jeff Blum at jeff.blum213@gmail.com

Mark your calendars! The marina will be open to boats on April 24th.

Sunday Fun Day – 3/6/23 Dragon Force 65's

Photo Credit: Brady Wallace

Sailing School Committee Report:

The Muskegon Yacht Club Sailing School recently hosted the Optimist S.A.I.L. program, an exciting introduction to sailing, at the Muskegon Heights Public School Academy's Aquatic Center. The event saw the participation of children from the Boys and Girls Muskegon Lakeshore Club and Muskegon Heights Public School Academy's 5th and 6th grade students. Using Optimist sailboats and industrial fans to create wind, participants were able to sail the boats around the pool and learn the basics of sailing, while also learning about STEM principles.

Sailing is a complex and challenging sport that requires a solid understanding of science, technology, engineering, and math (STEM) principles. The MYC Optimist S.A.I.L program not only introduced participants to sailing, but also how to apply STEM principles to the sport. Stations were set up to teach the children about knot tying, wind speed and direction, and buoyancy. These hands-on activities provided participants with a greater understanding of the physics and engineering behind sailing, and gave them the opportunity to apply these principles in a practical way.

The program's skilled volunteers were on hand to guide the children through the different stations, helping them to learn and apply STEM principles to the sport of sailing. Knot tying was a particular highlight, as participants were taught how to tie knots that are essential to the sport. The children learned how to tie basic knots like the bowline and figure-eight knot, as well as more advanced knots like the sheet bend and the clove hitch.

Wind speed and direction were also key areas of focus during the program. Participants were taught how to read wind direction and use it to their advantage while sailing. They learned how to adjust the sails and trim them to catch the wind and gain maximum speed. These skills are essential for any sailor, as they can make the difference between a good and a great sailing performance.

Finally, buoyancy was another area of focus during the program. Participants learned about the physics of buoyancy and how it affects the stability of their boats while sailing. Using various materials, they learned how to adjust the weight distribution of their boats to improve their stability and prevent capsizing.

Overall, the MYC Optimist S.A.I.L program was a resounding success. Participants not only learned the basics of sailing, but also gained a greater understanding of STEM principles and how they apply to the sport. The program's hands-on activities and skilled instructors provided a fun and engaging learning experience for all involved. It is clear that the program has inspired a love of sailing in many of the children who participated, and it is sure to be a memorable experience that they will cherish for years to come.

To the many volunteers and contributors that made this event possible. It could not have been done without you!!!

Join the MYC Junior Race Team

In addition to the Learn-To-Sail opportunities offered by the MYC Sailing School, youth sailors can expand their sailing experience by joining the MYC Junior Race Team.

Weekly practices, youth regattas, and participation in the Wednesday night race series help young sailors improve their sailing skills, build confidence, and learn the importance of personal responsibility as part of a supportive, close-knit team.

Information and registration for the MYC Junior Race Team's 2023 activities can be found on the MYC web site at <https://www.mycsailingschool.com/myc-race-team>

CLICK THE LINK BELOW TO FOLLOW THE JUNIORS ON FACEBOOK!

<https://www.facebook.com/Muskegon-Junior-Sailing-Program-134232283314396/>

While sailing is associated with the use of wind power, a motor is still an essential component of any sailing school's safety boat. It is imperative that the sailing school acquires a motor for their safety boat. To help to achieve this goal, we have created a wish list of other necessary items that the school will require. I would like to ask everyone to consider contributing to this list by making a donation to MJSA toward something on the list. You can do this by dropping off a check, the pull down payment button on the website, donating to the Facebook fundraiser, or mailing a check to MJSA. Your donation is tax deductible. By doing so, we can ensure that the school has all the essential equipment needed to provide a safe and enjoyable experience for all their students. [2023 Wish List](#)

PLEASE SUPPORT MYC JUNIOR PROGRAMS BY GIVING TO THE MJSA

The MYC Sailing School and MYC Junior Programs are made possible through the generous support of the Muskegon Junior Sailing Association (MJSA) which is a 501c3 charitable organization.

Please consider making the Muskegon Junior Sailing Association part of your planned giving with a tax-deductible donation. Follow the link for online donations.

[Give Today!](#)

For more info on the program please click the link below:

<http://www.muskegonyachtclub.org/myc-juniors/mjsa/>

Respectfully,
Kimberly Blum
MYC Sailing School Chairperson

After a very successful winter season, we are now gearing up for the summer months ahead. We are looking for reliable, energetic, and courteous staff to join our kitchen team. If this sounds like you, email Kim at kim@muskegonyachtclub.org.

Muskegon Yacht Club is a private club with a casual dining restaurant featuring a wide array of menu items from comfort food to fine entrées! We are currently looking for Line Cooks to join our innovative kitchen staff. Must possess a well-rounded knowledge of the operations and functions of kitchen equipment, appliances, and utensils. You will work closely with the Chef to help execute the following functions:

- Prepare hot and cold food items according to designated recipes and quality standards.
- Maintain cleanliness and always comply with food sanitation standards.
- Manage guest orders in a friendly, timely, and efficient manner.
- Ensure knowledge of menu and food products.
- Stock and maintain designated food stations(s).
- Visually inspect all food sent from the kitchen.
- Practice correct food handling and food storage procedures according to federal, state, local and company regulations.
- Must be able to work nights and weekends.
- Must have an aptitude for guest services and take pride in the Yacht Club's standard of excellence in food preparation and cleanliness.

Muskegon Yacht Club offers competitive wages, bonuses (based on performance), and tips.

Job Types: Full-time, Part-time

Shift:

Salary: \$15.00 - \$18.00 per hour

- 8-hour shift
- Evening & Weekends

Benefits:

- 401(k) matching
- Flexible schedule

Experience:

- Restaurant experience: 1 year (Preferred)

Sunday, April 9, 2023

Club Closed

Enjoy your day with friends and family. We will reopen for normal business hours on Wednesday, April 12, 2023 at 4 pm

Did you know your membership includes reciprocity to over 900 other Yacht Clubs in America?
